WORLD PREMIERE

Bringing MovieMaking to you!

CREATE REAL

You have all you need to make your own real LEGO movies with this cool moviemaking set. All you have to add is a computer and your imagination.

SETS & SCRIPT!

Now you can build your own magical movie set. Be inspired, get script ideas from the CD-ROM and the Director's Handbook.

Start your film by thinking of a story. What if a dinosaur was set loose in different LEGO worlds? Or what would happen in Jurassic Park 3?

CAMERA!

Plug the MovieMaker camera into your PC and you're ready to film action scenes, stop motion animation, or both.

ACTION!

Earthquake! The ground shakes, big buildings fall when you pull a pin... a road splits open. Can things get more exciting? Yes! A terrible T-Rex terrifies the town. Get an intense close-up of its giant foot crushing a car. Cool!

Visit www.LEGO.com/studios for more information.

and then show it to your friends =
WOW !!

"The first thing that I noticed was
the exciting looking box & the colours
and pictures on it. I was really surprised
at how big the set was and all the different
parts to the set. I started to
build the studio just first and then read
the tutorial to find out more about
how to film my own movie. The building
of the set was easy - finding out
all about the different ways to film my
movie was a bit difficult - but once I
got the hang of filming and editing, it
was really fun! My younger sister
Sara also played with the set - she
liked it too. The movie set did not
take long to build but shooting my
own version of Jurassic Park III took
a couple of days - the small cat in the
set survives the attack of the Dinosaur
- but some other characters don't! I
was really happy that the LEGO World
Club chose me as a TESTBUILDER -
thank you!"

EDIT! If you don't like your movie's ending, shoot it again. Put scenes
in order, redo endings, and take parts out. To add to the drama,
the software helps you create special effects, add sounds, and make
characters move. Plus you'll find Director's Tips included on the CD-ROM.

SHOWTIME!

When your film is
ready, grab some pop-
corn and gather around
the computer. Hit PLAY
and let the film roll.
For the world premiere,
e-mail the film to your
friends.

THE RETURN OF OGEL

ALPHA TEAM SECRET MISSION:
EVIL OGEL IS PLANNING TO TAKE OVER
THE WORLD! FIND SARA AND STOP HIM!

OGEL HASN'T COME
BACK TO HIS BASE SINCE
WE WRECKED IT!

OGEL HAS
BEEN SIGHTED
IN SECTOR 4.

IMPOSSIBLE!
I HAVE A REPORT OF
HIM IN SECTOR 2...AND
IN SECTOR 5.

One
Month
Later

ALPHA TEAM TAKES OFF.

I'M HEADING FOR
SECTOR 5. BE CAREFUL,
CAM. THIS HAS TO BE
ONE OF OGEL'S TRICKS.

ROGER, DASH.
I DON'T SEE...WAIT!
THERE'S SOMETHING
ABOVE ME!

IN SECTOR 2

SOON I
WILL CONTROL ALL
OF ALPHA TEAM!

A HUNGRY SHARK TAKES A
BITE OUT OF OGEL'S PLAN.

OGEL ALMOST
MADE ME LOSE
MY MIND.

MEANWHILE IN
SECTOR 5...

NOW I
CAN MAKE MORE
MIND-CONTROL
ORBS AT MY NEW
BASE!

WADAY, ALPHA
TEAM. I'M
GOING DOWN!

NO ONE
CAN SAVE YOU
NOW!

AH, MR. WHISKERS,
YOU'VE FOUND HIM.

WHAT A CRASH!
OH, NO... THAT'S
OGEL'S CAT!

MY LASERS WILL DESTROY EVERY MAJOR CITY IN THE WORLD-AND YOU.

I WISH SOMEONE WOULD TURN OFF THAT LIGHT, BUT AT LEAST I'VE GOT MY SHADES ON.

CRASH

ALL OF OGEL'S ORBS ARE DESTROYED BY THE ALPHA TEAM BOMB SQUAD! CAM COMES TO DASH'S RESCUE!

CAM AND DASH GO AFTER OGEL.

ONLY ONE OF ME IS REAL. THE OTHERS ARE DROKES IN DISGUISE.

THAT'S HOW HE WAS IN FOUR PLACES AT ONCE.

YOU TAKE THE TWO ON THE RIGHT.

OGEL'S THE ONE BY THE CAT. TRUST ME... GIVE UP, OGEL!

NOT YET. THIS PLACE WILL SELF-DESTRUCT IN 30 SECONDS.

WELL, WE ESCAPED JUST IN TIME AND STOPPED HIS EVIL PLAN.

BUT OGEL WILL BE BACK. COUNT ON IT!

HA, HA, HA.

THE END!!!

LEGOLAND

LEGOLAND Fans... you can build your very own LEGOLAND with this fantastic PC game! Should you already have the game at home... here are some terrific hints on how to advance in the game. Don't forget to check out the complete walkthrough of the first two levels... wicked!!!!

General Hints

To complete some levels you have to have a certain amount of money in the bank. If you spend it all it can take a long time to save it up again.

356

On some levels you are given extra scenery for building certain rides. If you are taking a level because you do not have enough money then it may be that one of your rides has not been built correctly. Check all the rides and make sure that people are using them and they are working properly.

Always put lots of different plants along the edges of the paths. People get bored more quickly if they do not have anything to look at.

This Log Flume has not been finished and does not make a complete loop.

How the Log Flume has been allowed to turn it makes a complete loop.

Except for the Driving School road rules like this sensory coaster need to be built at complete loops.

During later levels in the game almost every path in the park will need sensory next to it in order to pass the appraisal.

If you are taking an appraisal because you do not have enough food stores or shops then by building more than one of each type.

If you need a Gardener -but are having trouble finding one - then put down a plant and wait for a Gardener to turn up to water it. When he appears pick him up.

LEVELS 1 & 2 Walkthrough

LEVEL ONE: SAN FRANCISCO:

1. Put down all of the rides and scenery in the LEGOLAND and Wild West themes.
2. Reach one hundred coins balance.
3. Build the Space Tower Ride, Spider Ride, Fort and Driving School.
4. Reach four hundred coins balance.
5. Plant the Cacti Cluster and Apache Cactus.
6. Reach five hundred coins balance.
7. Build the Octopus Café.
8. Put down the LEGO Restaurant, Food Kiosk and Shark Café.
9. Save seven hundred coins.
10. Put down some Barrels.

LEVEL TWO: FRANCE AND BELGIUM:

1. Build all of the rides and scenery in the LEGOLAND Menu.
2. Build a Driving School complete with Crossing and Petrol Pumps. This picture shows how to put the Petrol Pumps down.
3. Build a Sheriff's Office, Jail Cell and General Store.
4. Build a Log Flume - a new area should open on the map.
5. In the new area build a Spinning Barrels Ride, Fort, Bank and Chuck Wagon.
6. Save three hundred coins.
7. When you are told to, remove all of the Western theme objects.
8. Put all of the rides and scenery that has appeared in the Castle theme.
9. Build a sensory coaster. Note, because this is the first time you have built a Sensory Coaster you can only build a very basic one without any slopes.
10. Wait for four people to ride the Sensory Coaster.
11. Build an Oak Tree and Castle Well.

Pohatu, Toa of Stone, and his people live in the foothills of Mount Ihu, where the great stones are carved as symbols of the Tohunga's faith in the Toa.

Onua, Toa of Earth, and his people dwell in caves and tunnels hollowed out from the cliffs near the Papu Niho reef. They prefer to stay underground during the light and heat of the day.

Gali, Toa of Water, lives beside Lake Niho and the nearby islands and streams. She and her people are equally at home in the water or out of it.

**The Realm of
KOPAKA**

Kopaka, Toa of Ice, and his people inhabit the frozen wilderness of Mount Ihu. This area is dotted with ice bridges built by the Tohunga in honour of Kopaka.

**The
Realm of
LEWA**

High in the trees live Lewa, Toa of Air and his people. Lewa prefers the highest limbs, well away from the swamp waters below.

**The Realm of
TAHU**

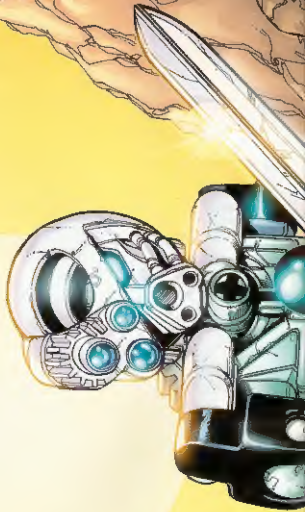

Tahu, Toa of Fire, thrives amid the heat and fumes of the Mangai volcano. Here his people practice lava farming and surfing in the lava rapids.
